

# General Data Protection Regulation

## What you need to know

GDPR is a new **law**.

It is **about you** and **your information** in Peamount.

This can include

- your name and age,
- your health and your money,
- your likes and dislikes
- and other information about you.

Sometimes we will **share your information** with other people who **need to know** about you.

We need your information so that we can give you the **best service** we can.

It's also the **law**.

You can **ask us questions** whenever you want.

You can also talk to someone outside of Peamount.

They are called the **Data Protection Commissioner.**

If you want to find out more:
